

# Online BCA in Data Science

An Online BCA in Data Science teaches you how to gather, analyse, and interpret data. You study from home using the Internet. The course covers the basics of computers and advanced data techniques. It's a good choice if you want to work with big data in the future.

## Syllabus of Online BCA in Data Science

<b>1<sup>st</sup> Semester Syllabus of Online BCA in Data Science</b>	<b>2<sup>nd</sup> Semester Syllabus of Online BCA in Data Science</b>
Mathematics for Computer Science	Fundamental Concepts of Operating Systems
Communication Skills	Data Structures
Integrated Professional English	Object Oriented Programming through Java
Introduction to 'C' Programming	Elementary Physics
Computer Organization & Architecture	Environmental Sciences
C' Programming Lab	Web and Social Media Technologies

<b>3<sup>rd</sup> Semester Syllabus of Online BCA in Data Science</b>	<b>4<sup>th</sup> Semester Syllabus of Online BCA in Data Science</b>
Object Oriented Programming through Java	Fundamentals of Probability and Statistics
Introduction to Database Management System	Object Oriented Analysis & Design
Web Development using Python	Introduction to Artificial Intelligence
Discrete Structures	Java Full Stack Development
Software Engineering	Data Warehousing Mining

<b>5<sup>th</sup> Semester Syllabus of Online BCA in Data Science</b>	<b>6<sup>th</sup> Semester Syllabus of Online BCA in Data Science</b>
Corporate Readiness Skills	Machine Learning
Big Data Analytics	R Programming
Mobile Application Development	Design of Analysis & Algorithm
E-commerce	R Programming - Lab
Mobile Application Development - Lab	Project Work
